

USDA Meat Industry

Industrial Solutions Unlimited has over 30 years of experience servicing manufacturing plants and specializes in the Meat industry. We examine applications, provide alternative solutions, perform storeroom audits, and make recommendations to reduce inventory. Additionally, we engineer custom parts emphasizing process improvement. Our quick and effective solutions will save you time and money.

VENDOR-MANAGED INVENTORY:

- Storeroom Audits
- Plant Survey
- Cycle Counts

DIRECT COST SAVINGS:

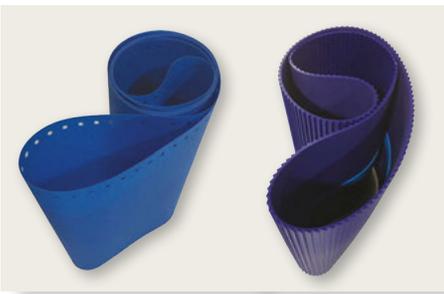

- Competitive Pricing
- Saving Reports
- Usage Reports

PROCESS IMPROVEMENTS:

- Product Guarantee
- Trials
- Analysis Reports

REDUCED INVENTORY:

- Over 1,000 SKU's
- Same Day Shipping
- Parts Consolidation

Conveyor Belts

ISU stocks and fabricates **USDA Meat Industry** belting. This includes our aftermarket **Weber™**, **Marlen™** and **Grasselli™** Meat Slicer belts, **Handtmann™** Linker belts, **Baader™** and **Sepomatic™** Separator belts, **Anritsu™** X-ray belts and a full line of USDA / FDA oil resistant Meat processing belts for **GEA™**, **Reiser™**, **Vemag™** and **Wolfking™** Ground Meat Transfer conveyors. We specialize in pin drive belts for Marel, Reiser and other OEM's and stock a full portfolio of positive drive style belting.

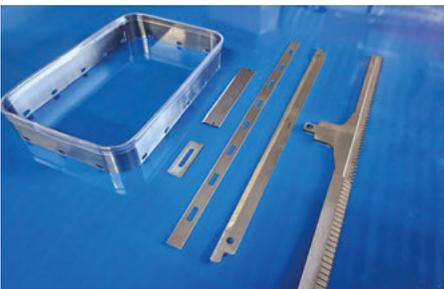

Custom Machined Parts and Rollers

We manufacture aftermarket parts for **Weber™**, **Multivac™**, **Shanklin™**, **Handtmann™** and other OEM's. This includes our full line of Metal detectable products and custom machined parts including a full line of custom rollers. Our parts are guaranteed to meet or exceed your expectations at a reduced cost. We reverse engineer parts and offer process improvements based on the application.

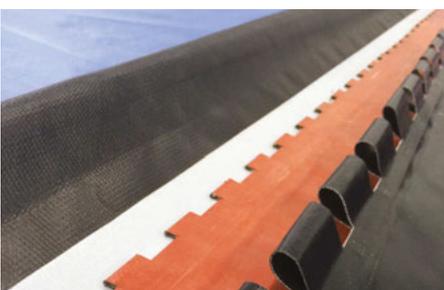

Thermoforming, Sealing and Packaging

We provide custom gaskets, bushings, blades, shafts, etc., for thermoform, overwrap, flow wrap and vertical wrapper packaging equipment. These parts include but are not limited to **Multivac™**, **Cryovac™**, **Repak™**, **Pac Mac™** and **Matrix™** machines.

Blades/Knives for Packaging, Meat Slicing and Processing

ISU stocks and supplies blades and knives for a variety of Meat industry OEM's including **Multivac™**, **Reiser™**, **Ross™** and **Cryovac™**. We supply everything from seal bars, tray sealing knives, holders, grinder plates, mincer blades, anvils, and mounting brackets, to portioner blades.

PTFE/Teflon for Sealers and Grills

ISU specializes in PTFE/Teflon belting and tapes for sealers and grilling applications. We stock several types of Teflon adhesive tapes for quick ship and specialize in grilling applications in Meat Industry plants including **JBT Stein Progrill™** applications.
